

Memorandum

MIAMI-DADE
COUNTY

Date: September 4, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(F)(5)

From: Carlos A. Gimenez
Mayor

Subject: Resolution Waiving Formal Bid Procedures and Authorizing Contract Awards and Modifications

Recommendation

It is recommended that the Board of County Commissioners (Board) waive competitive bidding procedures for purchase of goods and services pursuant to Section 2-8.1 of the County Code and Section 5.03(D) of the Home Rule Charter, in the best interest of Miami-Dade County, and approve the attached non-competitive emergency award and contract modification with authority to exercise options-to-renew (OTR). Specifically, the items being considered by the Board are described briefly below and in more detail in the accompanying attachments:

- **Item 1 - Janitorial Services for the Downtown Government Complex** - Waives formal bid procedures to ratify an emergency contract award in the amount of \$6,608,144 to Vista Building Management Services, Inc. (Vista) for janitorial services for the downtown government complex. As previously reported to the Board, this emergency contract is required due to the termination of TCB Systems, Inc. (TCB) following an Office of Inspector General investigation that concluded the firm provided the County fraudulent bid bonds and performance bonds.
- **Item 2 - Elevator Maintenance Services** - Modifies an existing contract for an additional \$917,000 in spending authority for the Public Housing and Community Development and Seaport Departments to purchase elevator modernization services.
- **Item 3 - Elections Department Relia-Vote Upgrade** - Waives formal bid procedures to ratify an emergency contract award in the amount of \$950,000 to Pitney Bowes, Inc. for a component upgrade to the existing Relia-Vote System (System). The upgrade is required due to the existing System's ballot limitation of five pages. The upgrade will increase the System's limited capacity to print, scan, and manage the large number of federal, state, county, and municipal races and issues scheduled for the November 6, 2012 General Election ballot.

Scope

The impact of these items is countywide in nature.

Fiscal Impact/Funding Source

The allocations and funding sources for the departments are listed in the attached Bid Waiver Package.

The contract amounts and departmental allocations represent the maximum spending authority based on past utilization. This action does not guarantee that the total contract amount/value will be expended by the department. Funding will be expended only if the department's budget can support the expenditures approved in its annual budget adopted by the Board.

Track Record/Monitor

There are no known performance/compliance issues with the vendors recommended for award in the attached Bid Waiver Package. The departments' contract managers are reflected in the agenda item.

Delegated Authority

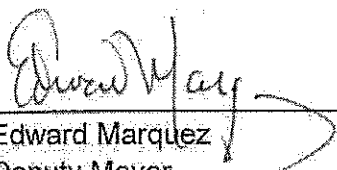

If this item is approved, the County Mayor or County Mayor's designee will have the authority to extend the contracts for purchase of goods and services in accordance with the terms and conditions of the contracts listed in the attached Bid Waiver Package.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and review of performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to Contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Background

Additional background information for the emergency purchases and noncompetitive contract modification are attached.

Item 1

Contract No. and Title: E8026-0/13 Janitorial Services for the Downtown Government Complex.

Description: Recommendation to waive formal bid procedures and ratify an emergency award for purchase of janitorial services for the downtown government complex. The buildings and garages covered by this emergency purchase are: Central Support Facility, Don A. Hickman Building, Courthouse, Miami Art Museum, Cultural Center Plaza, Historical Museum, Library, Stephen P. Clark Center, Courthouse Center, Overtown Transit Village Building, OTVS-Overtown Transit Village South, Courthouse Center Garage, Garage #5 (Hickman Garage), Cultural Center Garage, Overtown Transit Village Garage, and Miami-Dade West Lot Garage.

Contract Term: May 1, 2012 to October 31, 2013 (18 months)

Contract Value: \$6,608,144

JUSTIFICATION

As previously reported to the Board on May 4, 2012 and at the May 8, 2012 Internal Management and Fiscal Responsibility Committee meeting, the Office of Inspector General (OIG) investigated TCB Systems Inc. (TCB) in regard to the submission of fraudulent bid and performance bonds, as a result of an Internal Services Department review. The OIG investigation concluded TCB provided the County one fraudulent bid bond and six fraudulent performance bonds. The OIG recommended the County terminate contractual relationships with TCB and debar this vendor. The County has initiated debarment proceedings against this vendor.

Upon learning of the OIG's investigation, Internal Services Department staff developed a plan to identify a vendor with capacity to immediately assume responsibility for the required services. VISTA was selected for negotiations due to its familiarity with the majority of the buildings and garages in the downtown government complex, the County's positive working experience with this firm, and its ability to quickly transition and provide the services.

The negotiated contract with VISTA has a net decrease (from the previous contract with TCB) of \$49,270 over the eighteen-month period. It includes a separate payment mechanism for services required for the Miami-Dade West Lot garage once that site receives a temporary certificate of occupancy which is expected in May 2012. VISTA was provided a Notice to Proceed on April 12, 2012 and transitioned on May 1, 2012. This is a significant accomplishment as the recruitment, hiring, and background checks on personnel, as well as procurement of equipment and supplies were accomplished within a two-week period. VISTA also hired a large portion of TCB's staff for this emergency contract.

The 18-month contract term factored in the time required to roll out the countywide janitorial service contract recently approved by the Board, at which time these services for the downtown government complex will be subject to spot market bids.

Item 2

Contract No. and Title: SS1243-3/24-1 Elevator Maintenance Services

Type of Modification: Additional spending authority

Existing Allocation: \$ 3,325,000 for five years (for various County departments)

Increase By: \$ 917,000 (for Public Housing and Community Development and Seaport departments only)

Modification Allocation: \$ 4,242,000

Current Expiration: April 30, 2014

Modified Expiration: Unchanged

REASON FOR CHANGE

Authorization is requested for additional spending authority to allow the Miami-Dade Public Housing and Community Development (PHCD) and Seaport Departments to purchase elevator modernization services. Modernization of equipment at PHCD and Seaport will include an upgrade to the latest microprocessor technology and code compliance.

The requested modification will allow PHCD and Seaport to modernize critical elevators at PHCD's Ward Towers High Rise Building and Seaport's Port 1007 Administrative Building, respectively. The modernization is necessary in order to replace components that are damaged beyond normal wear and tear and are not covered by routine maintenance. PHCD has experienced shutdowns and entrapments in the elevators at the Ward Towers facility. The elevators are equipped with direct current (DC) motors and generators that require periodic re-building. These elevators are out of service for weeks at a time during re-building of motors and generators causing residents to be left with only one elevator for the duration of the repair. Seaport is experiencing numerous elevator failures at Port 1007 Administrative Building causing inconvenience to visitors and staff. The new equipment will have alternating current (AC) motors that do not require re-building as often. Approval of the contract modification will ensure the elevators receive the necessary repairs to continue to operate in a safe manner.

There is a separate modification in the competitive package for similar services for PHCD. That modification differs from this non-competitive modification in that it is for modernization services to non-critical Thyssenkrupp elevator units.

Item 3**Contract No.:** E9648-0/16**Contract Title:** Elections Department Relia Vote Upgrade**Description:** To waive formal bid procedures and ratify an emergency contract award for the upgrade of the existing Relia Vote System at the Miami-Dade Elections Department.**Contract Term:** Fifty-five months**Contract Value:** \$950,000**JUSTIFICATION**

It is recommended that the Board of County Commissioners (Board) waive competitive bidding procedures for purchase of goods and services pursuant to Section 2-8.1 of the County Code and Section 5.03(D) of the Home Rule Charter, in the best interest of Miami-Dade County, and ratify a non-competitive emergency contract award to Pitney Bowes Inc for a component upgrade to the existing Relia-Vote System (System). The upgrade is required due to the existing System's ballot limitation of five pages. With the large number of federal, state, county, and municipal races and issues scheduled for the General Election ballot, many of the ballot styles will exceed five pages. Therefore, the upgrade will increase the System's capacity to print, scan, and manage the increased number of ballot pages.

It was necessary to purchase this upgrade prior to formal approval by the Board to ensure there was adequate time to install and test it in advance of the November 6, 2012 General Election. Additionally, given that Pitney Bowes, Inc is the manufacturer of the existing Relia-Vote System, it is in the County's best interest to waive formal bid procedures. Through this item the Department is requesting a modification to Contract No. SS8541-0/12.

The Relia-Vote System has been used by the County since 2006. It is used for printing, sorting, assembling, mailing, and tracking absentee ballots for all countywide and municipal elections and is mission-critical in the department's ability to process absentee ballots accurately and timely. The continuous functionality of the System is an operational necessity for the Elections Department to ensure accuracy, integrity and accountability in providing absentee ballot voting to registered voters. It was therefore in the best interest of the County to proceed with this emergency contract award.
